

Liquid Road service addition checklist

Use this checklist for the actual service, product, site and jurisdiction. Leave missing evidence unresolved until the responsible person confirms it. Record the decision and its source before proceeding.

Business job date and responsible person

-
- ☐ Confirm the application and exact Liquid Road system with the manufacturer or authorized supplier.
 - ☐ Obtain current application-specific instructions and resolve conflicting document revisions.
 - ☐ Verify mix, supplied gallon basis, coats, equipment and approved application method in writing.
 - ☐ Inspect pavement and decline structural work or unsupported application conditions.
 - ☐ Retain current SDS and plan handling, traffic, environmental and storage controls.
 - ☐ Perform the documented test section and obtain customer scope approval.
 - ☐ Record each batch, mix, coat, weather decision and material use.
 - ☐ Confirm cure and reopening instructions for the actual system before handover.

Unresolved items evidence and next action

Decision owner and follow up date

Sources and record notes

Author NPMCA. Worksheet version 1.0; guide record as of 2026-10-11. Technical limits and prices must come from the exact current product instructions, official rule or dated written quote.
