

Pavement season planning checklist

Use this checklist for the actual service, product, site and jurisdiction. Leave missing evidence unresolved until the responsible person confirms it. Record the decision and its source before proceeding.

Business job date and responsible person

- ☐ Choose services, service area and exact product systems.
- ☐ Review local historical weather and current forecasts separately.
- ☐ Record product specific air, pavement, rain, cure and storage requirements.
- ☐ Estimate capacity from your actual crew, test sections and job records.
- ☐ Schedule maintenance, supplier lead time and weather contingencies.
- ☐ Plan cash collections and payments through the off-season.
- ☐ Review whether winter work fits skills, insurance, equipment and contracts.
- ☐ Update the season plan when actual hours, weather or cash differ.
