

Equipment selection by pavement service checklist

Use this checklist for the actual service, product, site and jurisdiction. Leave missing evidence unresolved until the responsible person confirms it. Record the decision and its source before proceeding.

Business job date and responsible person

- ☐ Choose the work: sealcoating, crack sealing, striping, sweeping or paving.
- ☐ List safety, preparation, measurement, application and traffic tools for that scope.
- ☐ Mark must-have equipment separately from later convenience items.
- ☐ Check exact model, material compatibility, capacity and operator training.
- ☐ Verify vehicle, trailer, payload, storage and service requirements.
- ☐ Compare the same configuration across dated delivered quotes.
- ☐ Retain manufacturer manuals and written parts or service information.
- ☐ Keep unknown prices marked cite source; send complete costs to the startup budget.

Unresolved items evidence and next action

Decision owner and follow up date

Sources and record notes

Author NPMCA. Worksheet version 1.0; guide record as of 2026-10-11. Technical limits and prices must come from the exact current product instructions, official rule or dated written quote.
